Agenda

- 1 Welcome & Introductions
- 2 About the American Society of Addiction Medicine (ASAM)
- 3 Fundamentals of Addiction Medicine Course Overview
- 4 CCBHC ECHO Series on Substance Use Overview
- 5 Questions & Next Steps

Education Collaboration

National Council for Mental Wellbeing

The National Council for Mental Wellbeing is a membership organization that drives policy and social change on behalf of more than 3,400 mental health and substance use treatment organizations and the more than 10 million children, adults and families they serve. National Council advocates for policies to ensure equitable access to high-quality services, builds organizational capacity, and promotes mental wellbeing in healthcare.

American Society of Addiction Medicine

ASAM, founded in 1954, is a professional medical society representing over 7,000 physicians, clinicians and associated professionals in the field of addiction medicine. ASAM is dedicated to increasing access and improving the quality of addiction treatment, educating physicians and the public, supporting research and prevention, and promoting the appropriate role of physicians in the care of patients with addiction.

Welcome & Introductions

Webinar Presenters

Samantha Cribari-Starr, MS, CPTD
Director, Professional Development
American Society of Addiction Medicine

Kendra Peterson, MS
Manager, Professional Development
American Society of Addiction Medicine

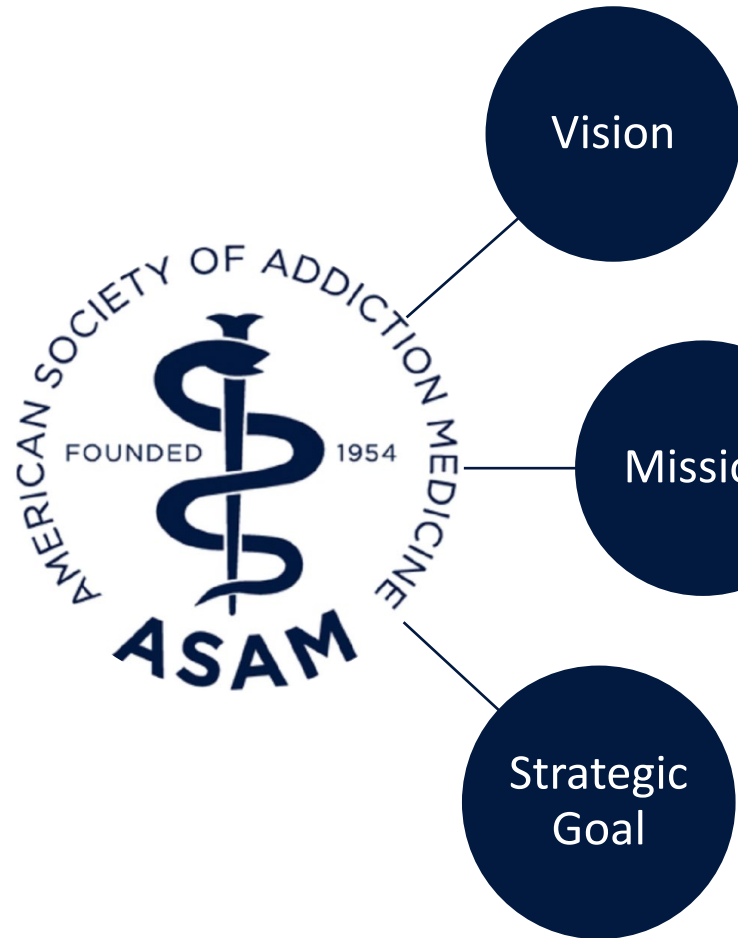

Education Collaborative Partnership

Three-year collaboration on providing education to CCBHC grantees.

About the American Society of Addiction Medicine (ASAM)

Vision

A future when addiction prevention, treatment, remission, and recovery are accessible to all, and profoundly improve the health of all people.

Mission

To be the physician-led professional community for those who prevent, treat, and promote remission and recovery from the disease of addiction, and to provide resources for continuing innovation, advancement, and implementation of addiction science and care.

Strategic Goal

Educate the Addiction Workforce and Patients

Free Education Offerings for CCBHC Grantees

ASAM **FUNDAMENTALS**TM of Addiction Medicine

Fundamentals of Addiction Medicine Overview

An 8-hour course providing foundational skills to screen, diagnose, treat, and refer patients with addiction.

You will gain practical knowledge to implement evidence-based approaches in your practice setting.

Features:

- Beginner-Level
- Real-world Case Studies
- Interactive and engaging
- Online/On-Demand
- 8 CE credit

Target Audience: Medical students, residents, primary care physicians, clinicians, nurse practitioners, physician assistants/associates, and behavioral health specialists.

Learning Objectives

- 01 | Identify one's own feelings and attitudes that promote or prevent therapeutic responses to patients with substance use disorders.
- 02 | Apply the philosophy of harm reduction to enhance patient centered care for people with substance use disorders.
- 03 | Demonstrate a knowledge of the neurobiological changes that occur during addictions.
- 04 | Use motivational interviewing to enhance patient's readiness to change unhealthy behaviors.
- 05 | Use validated patient screening tools to detect substance use and interpret a spectrum of results.
- 06 | Conduct substance use assessments using the DSM 5 criteria and including a biopsychosocial approach.
- 07 | Offer evidence-based pharmacotherapy and behavioral interventions that are appropriate to specific substances and usage patterns.

Module Topics

- Module 1: An Introduction to Addictive Disorders
- Module 2: The Clinical Manifestations of the Neurobiology of Addiction
- Module 3: A Brief Overview of Motivational Interviewing Basics
- Module 4: Screening, Brief Intervention, and Referral to Treatment (SBIRT)
- Module 5: Identifying Unhealthy Substance Use: Assessment
- Module 6: Treating Substance Use Disorders with Medication and Counseling

Benefits of Participation

1. Foundational Knowledge

Gain essential skills to screen, diagnose, treat, and refer patients with addiction.

2. Practical Application

Learn through real-world case studies and expert discussions to implement evidence-based practices.

3. Flexibility

Access the course online and on-demand, allowing for learning at your own pace and convenience.

4. CE Credits

Earn 8 continuing education credits to advance your professional development.

5. Beginner-Friendly

Suitable for those new to addiction medicine, providing a solid introduction to the field.

6. Empowerment

The course empowers providers and clinicians to diagnose and treat patients at risk for, or with, addiction, translating the signs of the disease into transformative, positive outcomes for patients.

CCBHC ECHO Series Overview

CCBHC-E NTTAC and ASAM offer a 6-session Substance Use ECHO for CCBHC grant recipients.

Each 90-min session includes:

- Didactic presentations on Substance Use Disorders
- Real-world patient case presentations
- Expert panels for guidance
- Analysis of attendee-submitted patient cases
- 1.5 CE credits per session

Learning Objectives

- 01** | Develop a community of mentors and colleagues to support professional development and build confidence in providing best practices in patient care for patients with addiction.
- 02** | Analyze real patient cases to identify barriers to treatment and discuss solutions to overcome those barriers to ensure the best evidence-based treatment options, including pharmacological and non-pharmacological treatment, for patients with addiction.
- 03** | Demonstrate professionalism in all interactions with patients and professional colleagues and demonstrate a commitment to the health and well-being of individuals and society through ethical practice, profession-led regulation, and high personal standards of behavior.

Session Topics

Session #1
**Updated CCBHC
Criteria**

March 26, 2024
3:30 pm – 5:00 pm ET

Session #2
Co-Occurring Disorders

April 23, 2024
3:30 pm – 5:00 pm ET

Session #3
Stimulant Use Disorder

May 28, 2024
3:30 pm – 5:00 pm ET

Session #4
Alcohol Use Disorder

June 25, 2024
3:30 pm – 5:00 pm ET

Session #5
Opioid Use Disorder

July 23, 2024
3:30 pm – 5:00 pm ET

Session #6
Cannabis Use Disorder

August 27, 2024
3:30 pm – 5:00 pm ET

**On-demand recordings of sessions are available.*

Benefits of Participation

1. Specialized Knowledge

Gain insights through didactic presentations on Substance Use Disorders.

2. Expert Guidance

Access diverse panels of experts providing valuable guidance and feedback on real-world challenges.

3. Case Analysis

Engage in in-depth analysis of actual patient cases submitted by attendees, enhancing clinical decision-making skills.

4. Continuing Education

Earn 1.5 CE credits per session, contributing to professional development maintenance.

5. Networking:

Connect with peers and professionals in the field, fostering collaboration and learning from shared experiences.

CCBHC-Expansion Grantee National Training and Technical Assistance Center

We offer CCBHC grantees...

Virtual Learning Communities, Webinars and Office Hours

Regular monthly offerings that are determined based on grantees expressed needs.

Opportunities for Collaboration with Other Grantees

Monthly Peer Cohort Calls for CCBHC Program Directors, Executives, Evaluators and Medical Directors.

Direct Consultation

Request individual support through our website requesting system and receive 1:1 consultation.

On-demand Resource Library

Includes toolkits, guidance documents, and on-demand learning modules.

The screenshot shows the homepage of the National Council for Mental Wellbeing. At the top left is the logo with the tagline "HEALTHY MINDS • STRONG COMMUNITIES". Navigation links include "Engage", "Login", "Store", and "Search". A menu bar contains "About Us", "Our Work", "Get Involved", "Membership", and "News & Events". The main header features the text "Working to ensure that mental wellbeing is a reality for everyone." and a button for "Our Vision & Values" next to a photo of four diverse women. Below this is a large banner for "HILL DAY at Home" on "OCTOBER 18, 2023" with a "Register Now!" button. To the right of the banner is a "Blog" section with three entries: "Shaped by a Moment: My Journey to Mental Health First Aid" (Sep 20, 2023), "Keeping Youth Mental Wellbeing in Mind (Part 2)" (Sep 15, 2023), and "Recovery Month: Let's Hear it for Peers" (Sep 12, 2023). Below the blog is an "Event" section for "Hill Day at Home 2023" on Oct 18, 1:00 pm - 4:00 pm, with a "Read more" link and a "PUBLIC POLICY" tag. At the bottom left is a section for "How You Can Get Involved" and at the bottom right is a "Learn" button.

Questions or Looking for Support?
